

The Reason.
"Wouldn't you be better off without your husband?"
"I don't think so—his life isn't insured."

Instantaneous Action.
"I was almost distracted by a terrible itching which defied all treatment until I obtained a box of Hunt's Cure. The first application afforded instant and absolute relief. The one box effected a complete cure."
"It is simply wonderful in its instantaneous action."

Hanging Scaffolds.
With the modern skyscraping office building has come a new form of building scaffold. Instead of constructing the scaffold from below, which is impossible in the cases of buildings ranging from 10 to 50 stories high, platforms are suspended from the steel girders above. On these swinging platforms the bricklayers work and the scaffold is raised as the work progresses.—System.

BOY KEPT SCRATCHING.

Eczema Lasted 7 Years—Face Was All Raw—Skin Specialists Failed, But Cuticura Effected Cure.

"When my little boy was six weeks old an eruption broke out on his face. I took him to a doctor, but his face kept on getting worse until it got so bad that no one could look at him. His whole face was one crust and must have been very painful. He scratched day and night until his face was raw. Then I took him to all the best specialists in skin diseases but they could not do much for him. The eczema got on his arms and legs and we could not get a night's sleep in months. I got a set of Cuticura Remedies and he felt relieved the first time I used them. I gave the Cuticura Remedies a good trial and gradually the eczema healed all up. He is now seven years old and I think the trouble will never return. Mrs. John G. Klump, 80 Niagara St., Newark, N. J., Oct. 17 and 22, 1907."

A Kansas Girl's Advice.
A Lincoln county girl writes this advice to the Kansas City Star: "Why do young men do so much loafing? Go to work. Push ahead! I am but a young girl, but I clothe myself and have money in the bank. I lay up more money every year than any young man within three miles of me home. When they get a dollar they go to a dance and go home a dollar out. I advise all girls to cut clear of loafing boys. Stand by the boy who works, and never put your arm through the handle of a jug."

Economical Physician.
Ambassador Wu Tingfang was once, it is alleged, telling about a certain selfish politician. He said: "The man reminds me of a doctor of Shanghai. A mandarin came to this doctor for advice. He could not sleep, had no appetite, suffered a good deal from depression and nevertheless was taking on fat at an alarming rate. 'We'll soon put you in condition again,' said the physician. 'What you need is exercise, good, hard exercise. Four times a week you can come here and put in the morning polishing my floors.' 'But why not my own floors?' the mandarin inquired. 'Mine,' said the physician, 'are larger.'"

CHANGE IN FOOD

Works Wonders in Health.

It is worth knowing that a change in food can cure dyspepsia. "I deem it my duty to let you know how Grape-Nuts food has cured me of indigestion. I had been troubled with it for years, until last year my doctor recommended Grape-Nuts food to be used every morning. I followed instructions and now I am entirely well."
"The whole family like Grape-Nuts. We use four packages a week. You are welcome to use this testimonial as you see fit."

The reason this lady was helped by the use of Grape-Nuts food, is that it is predigested by natural processes and therefore does not tax the stomach as the food she had been using; it also contains the elements required for building up the nervous system. If that part of the human body is in perfect working order, there can be no dyspepsia, for nervous energy represents the steam that drives the engine. When the nervous system is run down, the machinery of the body works badly. Grape-Nuts food can be used by small children as well as adults. It is perfectly cooked and ready for instant use.

INDIANA MOB SEVERELY BEATS A WIFE WHIPPER

LATTER FINALLY MAKES HIS ESCAPE WITH TWO BROKEN RIBS AND MANY BRUISES.

Laporte, Ind.—William Tolton, who, five years ago, was saved by the authorities from being lynched by an infuriated mob, at Westville, this county, under the impression that he had murdered his wife and thrown her body into a pond, had another experience the other day with a mob, from which he escaped with two broken ribs and numerous cuts and bruises. Though badly beaten, he will recover.

Tolton, who is a middle-aged man, is one of the characters of town. He has no regular occupation, but after a previous experience with the law,

They Gave Him a Beating.

when he faced a murder charge till his wife returned from Chicago, where she had unexpectedly gone on a visit, he kept out of serious difficulty until the other day, when he took a notion to whip his wife. This trouble is said to have resulted from the wife's taking the part of Edith Langman, her daughter by a previous marriage, whom Tolton had whipped because he said she was not behaving. After Tolton had abused his daughter and the wife expostulated, Tolton threw his wife and daughter out of the house, and followed this by pitching out the furniture with the exception of a bed, table and a few other articles. Neighbors were incensed, and when Tolton left the house they seized him and gave him such a beating that when he escaped he returned to the house and barricaded the doors and windows.

In the meantime an affidavit had been filed looking to his arrest. A warrant was issued by Mrs. Clara M. Hess, said to be the only woman justice of the peace in the state, but the town marshal and the township constable were unable to dislodge Tolton, and, although the entire population of 200 people was at their backs, they did not venture to break into the house. The siege continued till midnight, and then Mrs. Hess telephoned to Sheriff Smutzer of this city. The sheriff sent Deputies Ansties and Marr to Westville in an automobile, all speed laws being shattered on the run, for it was feared that the mob might get restless and possibly set fire to the Tolton home.

When the deputies arrived they demanded that the door be opened, but Tolton, who had a 12-year-old son with him, refused. Then the deputies with a rail battered down the door, which had been nailed and bolted from the inside. Tolton, fully dressed, lay in bed while the door was being forced, and he was crying when arrested. At his side stood a loaded shotgun. When asked why he did not use it, he mumbled, "What's the use?" Being without money or friends, and unable to give bond, he was committed to jail to await grand jury action.

DOG IS GUEST AT WEDDING.

Faithful Brutus Attends Ceremony and Marriage Feast.

Cincinnati.—Brutus, a big Newfoundland dog, was an honored guest at the wedding of Miss Marjorie Rines Saylor, daughter of the late Nelson Saylor, and John Lawrence Hawkins, a prominent Baltimorean. The wedding was one of the most fashionable of the season here.

Years ago, when the bride was a mere child, the big dog saved her from drowning, and since then Brutus has been her constant companion. He has walked sedately at her side when she took long country walks, and has raced at her horse's heels when she chose riding.

The dog was present when the ceremony was performed by the Rev. Dr. Dudley Rhodes, and wore a huge white bow on his collar in honor of the event. At the wedding supper Brutus was served with the rest of the guests though not at the table.

Work of Spartina Grasses.

Dr. Otto Stapf described the reclamation work performed by Spartina grasses, which, he said, spread by underground shoots and seed, which was dispersed by tides and currents, and presumably by water birds. Certain foras established themselves easily and the roots and bases of the dense clumps effectively fixed the mud, and where they occurred in dense patches they formed a protecting belt for the shore or bank behind them.

AT A CRITICAL TIME.

Women Are Likely to Suffer with Dangerous Kidney Disorders.

Mrs. John Kirk, R. F. D. No. 2, Detroit, Mich., says: "Five years ago at a critical time of life I was on the verge of a collapse with kidney troubles, backache, dizziness, puffy dropsy swellings and urinary irregularities. I lost flesh and felt languid, nervous or unstrung all the time. As my doctor did not help me I began using Doan's Kidney Pills. In a few weeks all these symptoms left me. I now weigh 163 pounds and feel in excellent health."

Bees in Block of Stone.

While workmen were sawing through a block of Bath stone at Exeter, England, they cut into a cavity in which was found a cluster of two or three dozen live bees.

The incident occurred at the works of Messrs. Collard & Sons, monumental sculptors. There was not much sign of life in the bees at first, but when air was admitted they gradually revived and after a few hours several of them were able to fly.

You Would Not Accept Counterfeit Money, Why Accept Counterfeit Goods?

Good money is made by the Government in which you have implicit faith and confidence. Good goods are made by manufacturers who are willing to stake their reputations on the quality of the material offered to you through the medium of their advertisements in this paper. Counterfeit goods are not advertised. The reason for it is they will not bear the close scrutiny to which genuine advertised goods are subjected. Counterfeit money pays more profit to the counterfeiter. Counterfeit goods are offered to you for the same reason.

Insist on the Genuine—Reject the Counterfeit.

Rough on the Candidate.

"There's a candidate outside, want-in to see you," said the hired man. "Hang the candidate!" exclaimed the farmer. And the hired man went out muttering: "I hadn't lynched a man in a mighty long time, but if he ain't too much for me I'll follow instructions!"—Atlanta Constitution.

"Makes It Go Way."

We simply can't do without it. We are not going to try. When Bobby stubs or cuts his toe, it's "Ma, where's the Lightning Oil?" When Little Dick's been playing with a bumble bee, it's "Where's the Lightning Oil?" The echo of all our afflictions is "Where's the Lightning Oil?" It's the balm that makes the pain go way. Sincerely yours, P. CASSIDY, Monteville, Ala.

Laid Off.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price, 75c. per bottle. Take Hall's Family Pills for constipation.

DESERVED TO WIN HIS CASE.

Really Able Argument Put Forward by Accused Sailor.

A very good story has recently been told in the fleet of an incident which happened when Admiral Evans was in command of the Indiana. An old-time bluejacket was at the mast before Capt. Evans, charged with getting food out of a mess chest outside of meal hours. This getting of food for night watches is a common and strong desire on the part of most men aboard ship.

Capt. Evans asked the man what he had to say; and the man, sizing up the delicate situation, said:

"Captain, I didn't take no food out of that chest. Why, captain, there weren't no food in that chest! I looked in that chest, and, captain, I met a cockroach coming out of that chest with tears in his eyes."—Harper's Weekly.

COMPLAINTS ABOUT PAINT.

The time to complain about paint is before the painter applies it. The man who puts up the money should not shirk the responsibility of choosing the paint. True, the painter ought to know paint better than the banker, the professional man or the merchant. The trouble is, the house-owner too often deliberately bars the competent and honest painter from the job by accepting a bid which he ought to know would make an honest job impossible.

What is Pe-ru-na?

Is it a Catarrh Remedy, or a Tonic, or is it Both?

Some people call Peruna a great tonic. Others refer to Peruna as a great catarrh remedy.

Which of these people are right? Is it more proper to call Peruna a catarrh remedy than to call it a tonic?

Our reply is, that Peruna is both a tonic and a catarrh remedy. Indeed, there can be no effectual catarrh remedy that is not also a tonic.

In order to thoroughly relieve any case of catarrh, a remedy must not only have a specific action on the mucous membranes affected by the catarrh, but it must have a general tonic action on the nervous system.

Catarrh, even in persons who are otherwise strong, is a weakened condition of some mucous membrane. There must be something to strengthen the circulation, to give tone to the arteries, and to raise the vital forces.

Perhaps no vegetable remedy in the world has attracted so much attention from medical writers as HYDRASTIS CANADENSIS. The wonderful efficacy of this herb has been recognized many years, and is growing in its hold upon the medical profession. When joined with CUBEBS and COPAIBA a trio of medical agents is formed in Peruna which constitutes a specific remedy for catarrh that in the present state of medical progress cannot be improved upon. This action, reinforced by such renowned tonics as COLLISONIA CANADENSIS, CORYDALIS FORMOSA and CEDRON SEED, ought to make this compound an ideal remedy for catarrh in all its stages and locations in the body.

From a theoretical standpoint, therefore, Peruna is beyond criticism. The use of Peruna, confirms this opinion. Numberless testimonials from every quarter of the earth furnish ample evidence that this judgment is not over enthusiastic. When practical experience confirms a well-grounded theory the result is a truth that cannot be shaken.
